About Bewitcher (V2.0)

Haunting sounds for dark cinematic scores!

Bewitcher for Padshop 2 by Online Music Foundry combines acoustic and re-synthesized granular sounds for expressive, unforgettable cinematic soundscapes and sound design. With 300 presets created by Online Music Foundry's Gary Gibbons, you can create expressive tension-builders, spine-chilling atmospheres, spooky orchestral FX, arpeggiated ethnic and cinematic percussion, eerie pads, and mysterious textures.

Features

- 300 spine-chilling presets for Padshop 2
- 333 manipulated stereo samples
- 431.5 MB samples in 48 kHz / 24-bit quality

Compatibility

Bewitcher VST Sound Instrument Set is an expansion pack for Steinberg's Padshop 2, a Granular and Spectral Synthesizer.

* For Non-Padshop 2 users – This product is not compatible with Padshop or Padshop Pro.
