About Doomstrophic

A Dark Cinematic Tool

Doomstrophic for Padshop 2 by Online Music Foundry combines orchestral strings, brass and percussion, DIY percussive and stringed instruments, and re-synthesized sounds for dark expressive, cinematic scores and apocalyptic sound design. With 725 presets created by Online Music Foundry's Marco Giardina and Gary Gibbons, you can create trailer tension-builders, dark and diverse mood-setters for thrillers, horror or epic action that include powerful arpeggiated cinematic percussion patterns in many time signatures and tempo scales.

Features

- 725 presets (Six preset groups with 397 arpeggiated patterns)
- 151 manipulated stereo samples
- 175.2 MB samples in 48 kHz / 24-bit quality
- All presets designed by Marco Giardina and Gary Gibbons from Online Music Foundry
- Exclusive expansion for Padshop 2

Compatibility

Doomstrophic VST Sound Instrument Set is an expansion pack for Steinberg's Padshop 2, a Granular and Spectral Synthesizer.

* For Non-Padshop 2 users – This product is not compatible with Padshop or Padshop Pro.
