About Substruction

Where foundations are built, creativity thrives!

Switch on the electrifying energy of the underground with a vibrant assortment of sounds bursting with movement, textures, and innovative arpeggiated patterns and kits. Crafted for the modern producer, Substruction delivers a diverse palette of sonic elements, from gritty electric guitars to deep basses, hard-hitting glitched beats and cinematic vocal pads from beyond. Igniting an explosive substructure of boundless creativity!

Features

- 225 new creative presets for Padshop 2
- 162 manipulated stereo samples
- Toolkit for film composers, sound designers and music producers
- All presets designed by Gary Gibbons from Online Music Foundry
- Exclusive expansion for Padshop 2

Compatibility

Substruction VST Sound Instrument Set is an expansion pack for Steinberg's Padshop 2, a Granular and Spectral Synthesizer.

* For Non-Padshop 2 users – This product is not compatible with Padshop or Padshop Pro.
