About The Grid

A HALion Production Tool For SIMPLE v1.5

The Grid expansion for SIMPLE v1.5 is powered by Steinberg's HALion engine. It provides x4 layered construction kit presets that are arpeggiated, looped and sequenced. With 195 presets created by Online Music Foundry's Gary Gibbons, you can create music for Urban genres (Hip-Hop, Rap and R&B) as well as Electronica/Dance genres (Dub, House, Synthwave, Techno and Trance).

Features

- 195 presets that have quick control assignments, tempo attributes and keywords
- All presets designed by Gary Gibbons from Online Music Foundry
- Exclusive expansion for Chris St'Aubyn's SIMPLE v1.5 (HALion 6, HALion Sonic 3, HALion Sonic SE3)

Compatibility

The Grid expansion for Chris St'Aubyn's SIMPLE v1.5 is an expansion pack that is compatible with Steinberg's HALion 6, HALion Sonic 3, HALion Sonic SE3.

* The Grid only works with Chris St'Aubyn's SIMPLE v1.5.
* The Grid uses the Steinberg eLicenser and requires a Dongle.

To learn more about the SIMPLE v1.5 update, visit https://chrisstaubyn.com/ or the SIMPLE v1.5 product page at https://www.steinberg.net/vst-instruments/simple/.
